Re: In The Matter of the Application of Good Energy, LP For A Certificate to Provide Electric Supply Services within the State Of Delaware (Filed December 19, 2014) - PSC Docket No. 14-0582

Dear Mr. Barrios,

The Delaware Public Service Commission ("Commission") is in receipt of the (the "Application") and subsequent filings by Good Energy, LP ("Company") for certification to broker electric supply services in Delaware. In the Company's original Application, submitted December 19, 2015, New York was not listed in the response to "states currently selling supply service and/or applications pending." In the Company's response to a Staff request for additional information, dated June 4, 2015, it was indicated that the Company has been engaged in rendering services in New York since July 2003. Please provide the following information

1. Is the Company a registered ESCO with the New York Public Service Commission?
2. If so, please provide the license number/docket number for New York.
3. If so, why was New York not listed on the original Application, and why was the Certificate of Good Standing for New York not included with the documentation requested by Staff in January 2015?
4. If not a registered ESCO in New York please explain in detail the services that are being rendered in New York.

Staff respectfully requests a request to this inquiry by not later than **July 22, 2015**. If a response is not received in our office by **July 22, 2015** the application will be considered abandoned. Staff reminds the Applicant that per **26 Del. Admin. C. § 3001** (the "Supplier Rules") section 2.4 incomplete applications will be closed four months after the filing date, (which expired April 19, 2015). For your convenience here is a link to the Supplier Rules (<http://regulations.delaware.gov/AdminCode/title26/3000/3001.pdf>).

Also please provide the following, per Section 2.1.1.7 Verification of Application and subsequent filings.
